Profile

I am a Fullstack Developer with a strong background in programming and a passion for creating efficient and innovative software solutions. My expertise in web development, desktop and mobile software development, and RIA application development, combined with my experience in algorithms and data structures, make me a versatile and skilled developer. I am proficient in JavaScript and TypeScript, as well as React and Node.js frameworks, and am eager to apply my skills to new challenges.

Skills

- **Programming Languages:** JavaScript, TypeScript, C/C++, SQL, Java
- **Frameworks/Libraries:** React, Redux, Node.js, Express.js, Bootstrap
- **Databases:** MongoDB, MySQL, PostgreSQL
- **Tools/Platforms:** Git, AWS, Heroku, Docker, VS Code, Postman
- **Methodologies:** Agile, Scrum, Kanban, CI/CD

Education

Computer Engineering (incomplete) — Universidade Presidente Antonio Carlos (UNIPAC) — 2015-2017 **Computer Science (in progress)** — Universidade Federal de Ouro Preto (UFOP) — 2018-Present **Relevant Courses:**

- Software Engineering, UFOP (April 2021) - Finished
- Algorithms and Data Structures, UFOP (July 2019) - Finished
- C/C++, UFOP (December 2018) - Finished

Certifications and Training

- React, RocketSeat (February 2021) - Finished
- Node.js, RocketSeat (February 2021) - Finished
- Javascript, CodeAcademy (January 2021) - Finished
- TypeScript, CodeAcademy (November 2020) - Finished
- SQL, CodeAcademy (September 2020) - Finished
- Java, CodeAcademy (August 2020) - Finished
- AutoCAD 2007, Future Center (January 2008) - Finished

Experience

MAXIMA SERVICE CORPORATION

Junior Fullstack Developer — June 2020 -June 2022 **Fullstack Intern** — January 2020 - June 2020
